Pursuant to Article 6, Chapter 20 of the Code of West Virginia, a Permit is hereby granted to the above named principal to engage in surface mining in the State of West Virginia. As a condition of this permit, all surface coal mining and reclamation operations shall be conducted as described in and in compliance with the complete application and only on those lands specifically designated on the map(s) submitted. All operations shall be conducted to prevent significant imminent environmental harm to the health or safety of the public. The permittee shall, as soon as possible after learning of such condition or of noncompliance with any term or condition of the permit, warn any person whose health and safety is in imminent danger and the Permittee shall immediately commence implementation of measures necessary to comply and shall also accelerate or provide the additional monitoring necessary to determine the nature and extent of such noncompliance. The following are special terms and conditions of this permit:

A copy of this permit shall be kept at the site of the operation at all times.
